

LORE & LIGHT  
SOCIETY

ISLAMABAD, PAKISTAN

# NGO PROFILE

## ABOUT US

The Lore & Light Society (LLS) is a non-profit, non-political and non-governmental humanitarian organization established and registered under the Voluntary Social Welfare Agencies Ordinance 1961. We work with some of the most underprivileged communities in Pakistan; responding to emergencies, improving access to quality health and education, creating livelihood opportunities and working closely with communities and government departments to promote human rights, peace and security.

As a community-based organization, we are determined to work for poverty alleviation by sensitizing and organizing communities to mobilize resources for common actions to empower them by providing opportunities for dignified lifestyle. Our initiatives involve and engage neglected, marginalized and downtrodden grassroots communities prone to risk. LLS interventions involve poor and most excluded people by synchronizing our synergies with organizations that represent them, in rural and urban areas. We work towards socio-economic uplift of women, children, youth, and men living in poverty, social exclusion and marginalized groups. The main thrust of the organization is to facilitate communities to take collective developmental actions for social transformation and to improve their life through awareness and facilitation.

At LLS, We work vigorously in flood affected areas in Pakistan by distributing basic need items. We hold free medical and vocational training camps for women in remote areas of Pakistan. We conduct multiple career counseling & academic training sessions to create awareness and opportunities. Today, millions of children in Pakistan are out of school – surrounded by poverty, illness and despair; they are fighting a daily battle for their survival, we help these communities and bring hope in their lives. Together, we can bring change and make it last.

## OBJECTIVES

The main objectives of LLS are formal and non-formal education, skills development through technical training, long and short terms courses, health activities, income generating programs, support shelters, environmental protection program, emergency relief programs and other humanitarian and rehabilitation programs. Furthermore we aim;

- To provide social, educational and economic empowerment to women and children through skill development and education.
- To conduct various capacity building programs for community so that they are able to help themselves overcome poverty.
- To hold different training camps in remote rural areas to uplift the educational and economic standards of the deprived sections of society.
- To promote moral and ethical values to eliminate their prevailing bad social customs, illiteracy, dowry system, child marriage, fanaticism etc.
- To organize and conduct programs on health, education and sanitation; create public awareness and to arrange preventive and basic health care services and medicine for the communities.
- To work for peace building and conflict resolutions between different sects of communities.
- To safeguard the rights of the children and women and more particularly who are exposed to any form of abuse.
- To equip the farmers with latest agricultural and technological reforms.
- To celebrate the national days and make people aware of the national patriotism.
- To make every possible efforts to manage the situation arising out of natural calamities like flood, earthquake, drought, epidemic etc. and to provide necessary relief to the victims by securing financial and material support from other institutions, agencies and individuals.
- To manage and implement all Governmental and non-governmental projects meant for humanitarian cause and welfare by connecting financial and other assistance from National and International organizations.
- To engage in all kinds of developmental work meant for the welfare of people living in urban slum areas.

## MISSION STATEMENT

To take development initiatives with a participatory approach for neglected, poor, downtrodden, vulnerable and marginalized communities by promoting love, justice, human dignity thru social transformation. We motivate people to participate in the process of sustainable development to keep their living standards and livelihood improving.

## OUR PROJECTS

LLS conduct following projects in remote villages in Pakistan.

- Career Counseling
- Community Development Projects
- Education Programs
- Disaster Emergency Relief Programs
- Healthcare Programs
- Vocational Training Programs
- Women's Sustainable Development Projects

### CAREER COUNSELING

Career is often one of the most important aspects of adulthood, especially when one is arising from poor communities and having economic difficulties. We work closely with teens to help them wisely plan their careers and achieve their employment goals. We teach them strategies for how to find new or different employment successfully. We promote and get them prepared for different government and international level tests.

We hold different seminars helping them to understand and explore what activities is fun, fulfilling and they are good at. We at LLS invite experts from various professions who make all efforts to bring out and polish their talents needed for stability and security in their long term career.

## ▣ COMMUNITY DEVELOPMENT

We at LLS are actively participating and contributing for the development of society. We are working closely with unprivileged families, especially women and children. By introducing and launching our different and exclusive projects we are minimizing the vulnerability and risk. Families are improving their living standards and livelihoods, education standards are getting better and overall society condition is getting better – while we are constantly working further to achieve next milestones, with help of our respected donors.

## ▣ EDUCATION PROGRAMS

Literacy rate is very poor in Pakistan and millions of children are deprived of even basic education. Government educational channel is either not present or having very weak infrastructure with poor education policy. There are certain remote village's areas where public schools are not available. Private sector education is growing but education is not affordable in terms of expenses are not met with parents. At LLS, we struggle to provide basic education to street children, provide them school supplies and free tuition and support other students to get into proper schools.

## ▣ EMERGENCY RELIEF

LLS provide fast response to disaster emergency activities to ease the suffering caused. We provide food for families affected by floods, earthquakes or any other emergency. We reach out to poor families and support them with materials, medical aid and coordinate international disaster response agencies and donors to provide reliable support to effected people.

## ▣ HEALTHCARE PROJECTS

LLS is continuously arranging medical health camps and Nutrition Program in the different areas of Pakistan and spreading health care awareness at national level. There are no medical facilities in remote areas or people cannot afford expensive medical treatment or medicines. LLS reach out and hold medical camps to provide them some medical solutions.

## ▣ VOCATIONAL TRAINING PROGRAMS

LLS is periodically arranging vocational training programs for under privileged women in different parts of Pakistan. We provide work-from-home opportunities especially for women and young girls who somehow cannot afford to go for jobs. We provide different vocational training programs so they can earn their livings while almost from their own homes.

## ▣ WOMEN SUSTAINABLE DEVELOPMENT

Lore and Light Society is always keen interested in organizing women's sustainable development programs, seminars, workshops and other activities through different kind of skills. At LLS, we keep working improving women's conditions in Pakistan and we introduce programs to empower women in Pakistan.

## HOW TO HELP US

While we are out in fields working with poor communities, women, children – handling day to day issues and carrying out our activities; expenses occurs. We continue our activities and support with your financial assistance, donations and contributions.
